

ZONING BYLAW REVIEW COMMITTEE MEETING MINUTES

NOVEMBER 30, 2022

Meeting called to order at 7:00pm.

Members present by Zoom: John Kelsey, members present at town hall, Steve Gagne, Art Pichette, Pat Coffey, Brigid O'Riordan and John Shaw

Visitors: There were residents at town hall and on zoom. Because this was a public informational meeting they did not have to identify themselves. This was also posted as a regular meeting of the committee.

Committee opened the second of two public informational meetings at 7pm.

John S. asked permission from those present if the committee could review the comments from the meeting on 11/16. There were no objection, except for a few people that wished to discuss new items, but will wait for the review.

John assured them they would be able to speak.

The committee was able to make changes to some of the recommendations from the 11/16 meeting. There was lengthy discussion about home occupation, non-conforming, and mixed use sections of the bylaw so the chairperson recommended that people send their further comments/recommendations to the committee so they can look at their next meeting on 12/7/22 on zoom.

The committee took comments about saw mills and will discuss that bylaw language also.

All of the members of the committee were pleased with the comments and they will be discussed.

Meeting adjourned at 9 pm.

Next proposed meeting is 12/7 for regular meeting starting at 7pm on zoom .

Recorder,

John Shaw
