

ZONING BYLAW REVIEW COMMITTEE MEETING MINUTES

JUNE 29, 2022

Meeting called to order at 7:00pm.

Members present by Zoom: John Shaw, Steve Gagne, Pat Coffey, Brigid O'Riordan, John Kelsey and Art Pichette,

Visitors:

Accepted minutes of previous meeting.

John S. and Pat Coffey met with Doug to discuss section 6.0. Also present were Susan Bronstine and Scott Johndrow. Doug recommended that the committee send to K & P section 6.06 for their opinion, Doug will look at section 6.25 for better wording.

The committee will wait for their 7/13 meeting to continue with section 6.0. By then we should have answers on the two issues above.

We will continue to make any corrections/updates to the bylaws at the start of meetings, before we take up the agenda items.

The committee looked at communications from Laurie Sanders on Section 5.15 earth removal, and section 3.072 solar. After review of her notes and the proposed bylaws it was recommended they stay as is until after public informational meetings to get more input.

The committee will finish review of section 6.0 at the next meeting and finalize draft of the new proposed bylaws will be sent to Doug for placement in the town website.

We discuss a rough timeline for future meetings. It is proposed that public informational meetings will start in September with Public hearings starting late October. A special town meeting will have to be scheduled for voting on the package.

Steve will work on the formatting of the full bylaw.

Meeting adjourned at 8:20 pm.

Next proposed meeting is 7/13 starting at 7:00 pm.

Recorder,

John Shaw
