Discussion:

Fall Festival

RA delivered statistics that again the breakout cases for Delta Covid and Covid cases, unknown demographics, trend upward.

Discussion: re among non vaccinated and at risk groups such as kids and therefore at risk for children's safety: masking and non masking at previous fairs and festivals such as the Three Counties Fair where masking was mandated however many fair goers were unmasked.

Of note that there is an uptick in kid's Covid cases and other groups are also postponing due to this safety concern.

General feeling is to postpone until 2022 and the responsibility is great for the planners and the fair is diminished as there are many features that are not available in 2021 - such as the farm animals and the food.

CB and her group will decide - and will message/email Board of Health.
end discussion.

Consideration Halloween Plan

Both KB and RA think it's a good plan

Motion to accept plan with the following (RA)

1. Question - What is Trunk or Treaters - Trick or Treaters? (is this a typo?)

2. The following guidance;

a. Sanitizing stations are recommended

b. Included in the masking mandate - Masks should be worn under Halloween masks if mouth covering Halloween masks are being worn.
