

## Town of Westhampton

### Meeting Minutes

July 20, 2016

- 1) Call the meeting to order 7pm.
- 2) Present Steve Holt., Art Pichette, Dave White
- 3) Much of the meeting was spent reviewing minutes of the previous meeting with Art. Minutes approved.
- 4) Steve found the land above the salt shed is owned by the town and the roadway had been shifted in the past to straighten the path. The intent at this point would be to remove the salt shed and level for parking.
- 5) Steve and Dave discussed the wish list for the fire and police in the structure. Much of the same needs are expressed to include space for offices, training, and storage of vehicles, equipment and sensitive materials (ie. personnel files, reports, evidence, secure servers etc...)
- 6) Art expressed concerns about costs and support from the town. Dave provided USDA. Gov grant possibility for funding of the facility. (side: The Cummington facility cost approximately 1.4 million and was financed under a USDA grant. Feasibility study needed but how to pay?)
- 7) Site visit discussion and to be set up by Chief Duggan at various facilities in town that are comparable in size and need.

Meeting set for August 24<sup>th</sup> at 7p in the Town Hall

Adjourned 7:45 pm
