John told us about his presentation at the Planning Board regarding medical and recreational marijuana. We need to have public hearing in December as these Bylaws need to be adopted at the Town meeting within six months of the public hearing.

While we waited for Larry Smith's arrival, we started our discussion regarding "Definitions":

Abandonment = structure is spelled incorrectly. Apparent intention of an "order" should be changed to "owner"

Accessory Apartment = change from "Webster's Third Edition to "Webster's New Universal Unabridged Dictionary" .

Larry arrived at we chose the next meeting dates as he is unavailable on the date of our regular meeting. Next two meeting dates: Thursday, November 16 and Thursday, December 14 both at 7 p.m.

*Ginny found State model that say applicant must have approval from utility company before bringing to the boards.
