

ZONING BYLAW REVIEW COMMITTEE
MINUTES OF MEETING MARCH 20, 2019

Members present: Brigid O’Riordan, John Kelsey, Bill McCloud, Ginny Curtis, Steve Gagne, John Shaw

Committee went over the four zoning bylaw articles, and two general bylaw articles that they will be presenting at the Public Hearing on Wednesday April 10, 2019 at 7 pm in the Town Hall with the Planning Board.

The committee hopes to do a power point presentation, if equipment is available. If not, they will prepare a handout for residents present.

There was a discussion on the articles and the information needed so the residents will have an understanding of why they are being proposed.

John Shaw read a letter from the Planning Board that stated that they voted to “allow the Marijuana Establishment Bylaw to go to Annual Town Meeting without an opinion”. The letter was dated March 18, 2019.

Legal notice of the public hearing will appear in the Gazette on March 23, and 30, 2019. It was also sent to all boards, towns, PVPC and anyone needed by law.

Ginny asked the committee to consider making recommended changes to solar bylaw to reflect some problems with working.

Ginny will be sending to John Shaw word definitions for different types of kennels according to state protocol.

It was recommended by Steve that we look into forming a subcommittee to continue work on Marijuana Establishments, so we can move forward with the rest of all bylaws. The committee would keep the ZBRC updated on possible future recommendations. John Shaw said that it is within the power of ZBRC to establish their own sub-committee. The committee voted to take the action of forming a sub-committee, assuming there is interest by residents. Any such committee, if formed, would have to meet all open meeting laws, post agendas, produce minutes and be sworn in by the Town Clerk.

Meeting adjourned at 7:30pm.

John Shaw
Recorder
