

WESTHAMPTON
MASSACHUSETTS

RIGHT OF ENTRY - WITHOUT PREJUDICE

Owner(s) of Record: Seidell, James P & Dawn E

Address: 295 Northwest Road

Stations: _____

Parcel Number (ROW Plans) & Square Footage(s): Assessors Map 0050 Block 0014

Projects: Northwest Road culvert relining project MassDOT # 94684

Permission is hereby given to the above municipality and the Massachusetts Department of Transportation, Highway Division or its duly authorized agents to enter upon my property in connection with the relining of the culvert on the above named project.

The purpose of this Right of Entry is to carry out the work on my property as out lined below:

Work will consist of cutting trees and brush so as to allow access to the upstream end of the culvert. All brush will be chipped and any wood or logs will be left on site for the owners. A temporary access road will be constructed on the uphill side of owners shallow well. This road will serve as the main access road for getting heavy machinery and supplies to where needed to complete the project. An existing road along the lower side of the shallow well tile may be used for foot traffic and lighter equipment and supplies access. When project is complete, entire disturbed areas will be returned to pre-construction condition to the extent possible. All areas will be loamed, seeded, and or rip rapped as needed, and mulched with hay to prevent erosion. The town shall conduct a visual before and after inspection of the shallow well in addition to before and after water quality tests conducted by a certified laboratory.

Attached to this agreement is a sketch on assessors map 50 block 14 showing approximate locations of the work mentioned above.

This Right of Entry is made of our free will.
