July Picnic

On a sweltering (in the 90s) day in early July, 47 seniors enjoyed the air-conditioned hall at the Elks Club in Florence. The broasted chicken, potato salad and cole slaw luncheon from the Bluebonnet Diner was delicious along with rolls and cookies from the Big Y. The lemonade and iced tea hit the spot despite being in a cool building. I think everyone enjoyed singing along or listening to oldies sung by Roger Tincknell, who accompanied himself with his guitar, banjo, ukulele and mandolin at various times. It was a wonderful afternoon—until we had to walk outside again.

Stanley Park Trip

On the very first day of summer (June 21st), about 17 seniors rode to Stanley Park thanks to four of them who were willing to drive their vehicles and take passengers with them. It was a gorgeous June day and the roses were beautiful! After walking around the park, we rode over to the other side of the park and had lunch together at one of the pavilions. Deb Barthelette had purchased assorted Subway sandwiches, bags of chips, bottled water and Big Y cookies with COA funds for a delicious picnic! We'd like to thank Deb as well as the other 3 drivers for a lovely day.

No August Luncheon

Our next lunch together won't be until Thursday, September 6th. We hope everyone enjoys the warm days of summer and can find a cool place to endure the hot days when they inevitably are upon us again. Remember, when the library is open, it's a cool and quiet place to visit.

September Lady Bea Boat Ride and Luncheon

On **Thursday, September 20, 2018**, all seniors are invited to lunch at the Dockside Restaurant at Brunelle's Marina in South Hadley. Lunch will be served promptly at 11:30. After lunch, we'll be taking a 1 ½ hour cruise aboard the Lady Bea beginning at 1:00pm. The \$10 reservation fee will need to be received by Deb Barthelette by the day of our next luncheon, Thursday, Sept. 6th. Due to the nature of this event, the pre-paid reservation fee of \$10 per person is non-refundable. Remember, also, that you'll need to be a dues-paid member of the Friends of the Westhampton Council on Aging and at least 60 years of age. Deb Barthelette, chairperson of Friends, began taking Friends' dues for the '18-'19 year (\$5 for singles and \$8 for couples) at the July picnic. More details about carpooling to Brunelle's will be announced in September.

Local Artist's Art Exhibit

One of our very own Westhampton artists, Linda Stacey of Main Rd., will be having an exhibit of her paintings in the Main Gallery of Cooley Dickinson Hospital during the month of August. There will be an opening reception for her exhibit in the main gallery on **Thursday, August 2nd from 4:30 to 6:30pm**. Stop by the exhibit during August to see more examples of Westhampton's artistic talent.

Board & Card Games

A lot of activities have taken a break during the month of August, but the games are still going at Westhampton Woods and also Scrabble games at the library. Both places are cool during the summer so are great places to spend an afternoon and visit with friends. The games at WW are at 1:30 every Tuesday, and Scrabble games will be at the library at 5:30 on August 2nd and 16th, and at 1:30 on August 7th and 21st.

Hikes

The hiking group took some time off during the hot days of July but plan to get hiking again in August with some interesting hikes planned. If you'd like to know what is scheduled, you can call Chuck or email him: charleshorn66@gmail.com.

CAN YOU BE FINANCIALLY EXPLOITED?

Every day thousands of us are; 1 in 5 older Americans are victims. Each victim loses on average more than \$120,300. Adults 50+ lose \$3 billion annually and financial institutions lose \$1 billion in deposits. Having accumulated over \$18 trillion in assets, we are targeted. With these assets and two-thirds of all bank deposits, we are important customers to banks. AARP and other groups are working with banks to set up systems to fight exploitation. Talk to your local banker; ask what banking services they are offering to protect Older Americans.

WHAT IS A FINANCIAL CAREGIVER?

A person that is an unpaid family member or friend helping adults 50+ manage their finances. In the USA there are over 18 million individuals performing this task. 84% of all financial caregivers perform bank-related tasks and bill paying. Financial caregiver provide help because 49% of the care recipients asked them to and another 38% of caregivers felt they had no choice.

IS A JOINT BANK ACCOUNT THE WAY TO GO?

Both of you need to talk to your banker before considering a joint bill paying checking account.

- Good reasons: Someone to monitor finances, assists with bill paying, easy transfer of funds after death.
- Bad reasons: Funds could be taken if other person is sued, funds could be withdrawn without your knowledge, you may become responsible for paying taxes on account.

Other Alternatives:

- View-Only Account: Ability to watch and protect your account without access to funds.
- Special Financial Power of Attorney: Allows use of your account for your benefit only.
- Payable Upon Death Form: Names the person to leave that money to in your account
- Prepaid cards: for use by the financial caregiver

The top bank services that financial caregivers said that would help them were: Alerts for large withdrawals or unusual purchases, online "read-only" account access or duplicate bank statements, notification if there is a problem on the account, and professionally trained one-on-one assistance by a designated bank employee.

Services for Consumer Banking protection from fraud, scams, and identity theft for the growing over 50+ population require specialized training and resources. Bank employees and financial advisors can recognize financial exploitation and offer customers guidance and options.

The Massachusetts Senior Legal Helpline (800) 342-5297

Are you 60+ and in need of legal help?

The Helpline is a project of the Volunteer Lawyers Project of Boston. We provide free legal information and referral services to Massachusetts residents who are 60 years old or older. **The Helpline is open Monday through Friday 9AM-12PM.**

Can I get a free attorney?

Most callers will not be eligible for a free attorney. Helpline advocates can help you find out if you are eligible and complete an application for services with a Massachusetts civil legal services program. Legal services law types include: Social Security/SSI, Veterans Benefits, MassHealth, Medicare, Consumer, Public Benefits, Unemployment, Foreclosures, Utilities, Guardianship, Wills/Advance Directives, Bankruptcy, Housing, Family law, and Nursing Home.

Can I get referrals to reduced fee and private bar attorneys?

If you are not eligible for a free attorney and have some ability to pay an attorney, we can refer you to reduced fee attorney referral programs where

attorneys will charge you on a sliding scale based on your income.

We can also refer you to private bar attorney referral programs. Private attorneys will charge for their services. Some cases, such as medical malpractice, workmen's compensation, personal injury, and Social Security benefits denials do not require you to pay money upfront in order to get an attorney. The attorney fees are taken from your award only if you win your case.

Can I get free legal information or referrals?

Yes. Your Helpline advocate will research your legal issue and provide you with information or referrals on most legal topics. We can also text, e-mail, or mail you links or written materials.

If so, please email Kristen at

And In Review...

There will not be a test, but I thought it might be a good idea to go back over some stuff about scams. A recent issue of Consumer Reports listed the top 4 kinds of scams that are STILL tripping us up and costing us money.

- **IRS Imposters.** You owe us, pay up or we'll put you in jail.
- **Home Repairs and Security Checks.** Hello home owner, I'm a contractor and noted that you need a new roof. Give me the money, I'll get the supplies, and fix it. OR we are your new security or computer company, and we need to reboot your system.
- **Grandparent Scam.** You grandson is in jail in Mexico, I'm a lawyer, if you send me money I'll get him out. Poor little Timmy – he is so scared there.
- **Lotteries and Sweepstakes.** Congratulations, you won! Just send us money to cover taxes and the expense of sending you your prize.

I lied – here is a test. If I get a phone call from a number or name I don't know, I should:

- a. Just hang up
- b. Not answer in the first place
- c. Try to outwit the caller by keeping him/her on the line and giving false information or trying to find out where they are.

Answer: You chose A and B! YES! Congrats!

Hilltown Elder Network:

When a H.E.N. is not a chicken... but is the kind of help you could use!

Who? Income eligible seniors aged 62 years or older who reside in Chesterfield, Cummington, Goshen, Plainfield, Williamsburg, Westhampton, Huntington and Peru. A participant's eligibility is determined during the intake process. There is no charge. Services provided by HEN caregivers can only be those home chores and daily living tasks that applicants report they are unable to do themselves, due to health conditions and/or mobility limitations. HEN Caregivers are trained local residents who are paid for their services. Each caregiver is reference-screened and CORI-checked. HEN services do not include personal care.

When? As an individually customized service, HEN provides continued weekly assistance (typically 1-4 hours per week), short term assistance (i.e. helping an elder who recently suffered

a broken hip and is recovering at home), or one time assistance for an unusual need, such as the clearing of snow following a heavy storm.

Cheaper Electric? not so fast ...

Have you gotten a call from an alternate electric company promising lower monthly bills if you switch from Eversource to their service? Massachusetts Attorney General Maura Healey, citing aggressive sales tactics, false promises of cheaper electric bills and the targeting of low-income, elderly, and minority residents, issued a report calling for an end to the competitive electricity supply market for individ-

ual residential customers in Massachusetts.

The report found that Massachusetts consumers paid \$176.8 million more than if they had stayed with their utility company during the two-year period from July 2015 to June 2017.

According to the Attorney General, "In Massachusetts, residential customers, like commercial and industrial customers, can 'shop around' for electricity rates. Customers can choose to get their electric supply from their utility – National Grid or Unitil or Eversource – or from a 'competitive supplier.' ...The AG's report found that the average low-income customer enrolled with a competitive supplier paid \$231 more than if the customer was receiving their electricity from their utility company. The report found some low-income households lost more than \$541 by switching to a competitive supplier."

In the last three years, the AG's Office has received more than 700 complaints about competitive suppliers engaging in aggressive and deceptive tactics. Complaints include suppliers pretending to be a utility company to induce customers to turn over sensitive information; suppliers harassing customers with repeated calls or home visits; and door-to-door salespeople forcing their way into elderly customers' homes and refusing to leave without a signed contract.

If you think you or an older adult you know might be vulnerable to aggressive sales pitches, you can add your name to a "do not switch" list. That way, even if scammers convince you or a loved one to switch, the transaction will not actually take place. To add your name to National Grid's "Do Not Switch List" call: 800-322-3223. For Eversource, call: 1-877-659-6326
